# **8 CHROME PASSWORD**

Before beginning, you will land on a page that ask for a password. You do not need to enter a password. If you are in Google Chrome as your web browser and are also signed in to the Google Chrome extension, the password will be automatically entered for you.

The ProctorU Auto modal window will appear over your LMS page. Welcome! Click the 'Let's Get Started' button to continue.

# 10 EXAM PREP

We want to make sure you're well equipped for the exam, so we ask that you have your government-issued photo ID ready. We also recommend taking a quick break before the exam session begins.

# 11 SYSTEM RECORD

You will be asked to share your screen throughout the exam. This is so that your institution can review both your video recording and your desktop recording of your exam. If you decline to screen share you will not be able to proceed to the next step.

# **12 SYSTEM CHECK**

The process will automatically do a system and environment check to make sure that your equipment is running prior to your exam. It will also ensure you are in a quiet, well-lit testing space. Once it is complete, click 'Continue' to proceed.

Take a photo of yourself for your session. Make sure to align your face within the lines as shown in the photo here.
